About our Institution

Fr. Agnel Sr. Sec. School is run by AGNEL REGION of the society of the Missionaries of St. Francis Xavier, of Catholic Priests and Brothers, (commonly known as Agnel Ashram Fathers). The Agnel Ashram Fathers run reputed institutions well known all over the country for their excellence, efficiency and dedication. And one such School is Fr. Agnel School, New Delhi was established in 1979 and has on its rolls about 2850 students. The school endeavours to contribute towards the holistic development of each individual. Special emphasis is laid on character building and on national integration. The entire foundation is based on and inspired by the teachings of Jesus Christ and our goal "Love your neighbour as yourself" enables us to be human to every man, woman and child we come across. The thrust of the education here is to help children to understand life as a special call from God, to be someone unique, a change maker, leading towards a better world for himself/herself and all those who come in contact with him/her. It is also the centre of the National Open School which conducts classes for the differently-abled as well as the dropouts. We also run poverty alleviation centres at Vidhya Ankur (Badarpur) and Agnel Jan Kalyan Kendra Khodda (Noida). Here, our school provides free education and vocational training to children and adults coming from every section of the society. Our school has crossed the milestone of 44 years under the dynamic leadership of Fr. J.A. Carvalho (Director), Fr. Roy D'Sa (Principal), Fr. Bento Rodrigues (Manager). Fr. Agnel Schools are different because our mission "Big Hearts and Brave Minds" making us move ahead with courage while being aware and concerned about others compels us to walk the road less travelled, even if it be a lonely trail.

ABOUT SPARK MUN

SPARK MUN perceives all students, as free men and women of our pluralistic society, who through their thought and human engagement contribute towards a more integrated, rational, egalitarian, and caring society. Model United Nations was established with the perspective of building a better world where every child would grow up to be a responsible citizen with strong convictions that will equip them with the necessary courage to stand by them at all times.

The ensuing conference endeavors to contribute towards the holistic development of delegates, with special emphasis on character building and universal integration. The delegates debate and negotiate as per the principles of equality, love and fraternity. It seeks to develop the talents of an individual to the full by following modern pedagogic. In this conference of nations, one has the freedom to express oneself, his views, emotions, and perspective about various issues of global concern.

SPARK MUN consists of a small team of young people, who desire to bring a change through the means of this conference, with the vision to make this place better to live in. Finding themselves in the midst of the pandemic, climate change, and wars the world today requires a young brigade of active, empowered, quipped, value-oriented, enlightened leaders who can engage themselves fruitfully in pulling the individual, society, the nation and ultimately the whole world out of conflicts, disputes, digressions, tensions and reconstruct the world order on the foundation of harmony, peace and fraternity. "

Ad Meliora This Latin phrase translates to Toward Better Things and it carries a powerful message of aspiration and growth. This phrase encourages us to continuously strive for improvement, to seek out the better path in every aspect of our lives. As we move forward on our journeys, we are reminded to not settle for the status quo, but to always aim higher, embracing change and challenges as opportunities for progress. "Ad Meliora" is a call to action, urging us to pursue excellence and transformation with unwavering determination. It speaks to our potential for self-betterment, pushing us toward greater achievements and fulfillment. Just as the journey itself is a process of constant evolution, this phrase inspires us to keep moving forward, always in pursuit of the better things that await us.
